FOUR CALGARY YOUTHS GET SWIFT JUDGMENT

Swift justice was meted out to the four Calgary youths who attempted to burglarize the Allan general store in Stavely early Wednesday morning of last week. Ten hours after the boys had failed to elude capture by a posse of citizens and police, the youths were sentenced to two years with hard labor in the Prince Albert penitentiary. The boys are James Kelly, Frank Becker, Harold Graham and Lawrence Braniff. Magistrate E. C. Webster heard the case at Stavely the quartette pleading guilty.

The stolen Marmon coupe, in which was found the goods taken at Stavely and those lifted from a store at Nanton also entered by the gang, is owned by L. J. Garrison of Calgary. The car was riddled by shot fired during the case. Constable Ashby, A.P.P., High River, made the capture.

ORATORICAL CONTEST DISCLOSES TALENT

The High School Literary Society presented a concert in the Vulcan Theatre on Monday, March 9th, the principal feature being two oratorical contests, one for public school pupils, the other for students of the High School.

The program opened with two choruses by pupils from Grades V, VI and VIII. These pupils were trained by Miss Cameron, but Miss Cameron's absence through illness made it impossible for her to take charge at the theatre. Mrs. D. Campbell kindly took her place.

The public school contest followed with speeches as follows: Bill Wright "Boys"; Helen Sallstrom, "The Red-Wood Trees"; Carol Marshall, "Canada's New Governor-General"; Robert Lundgren "Polar Explorations."

The judges in this contest were Mrs. Dawson, Mr. McAikie and Mr. McCartney.

In the High School section for contestants took part, namely Florence Gold, Mollie Hartack, Jack Stewart and Neal Rahnd, their subjects being respectively, "Canada," "How to Secure World Peace," "The Value of Our Education," and "Aviation".

The judges were Mrs. Schenck, Mr. (Continued on back page)

LOCAL ITEMS

Another important auction sale announced by C. C. Rebbe is that of W. J. English on Monday, March 16th at the N.W. 1/4 section 2, township 16, range 24, W. 4, 1 mile east of Kirkcaldy, 2 miles east and 5 miles south of Vulcan, 5 miles north and 2 miles west of Champion. The time of sale is 1:30 sharp.

A few friends gathered at the home of Mr. and Mrs. Bert Innes on Tuesday last to spend a social evening; violin selections and gramophone music were enjoyed, after which a dainty lunch was served by the hostess which everyone enjoyed. The party broke up at midnight.

Eight Rinks Compete Little Bow Bonsel

A meeting of the Little Bow Curling Association took place at Barons last week, and it was then decided to hold the annual bonspiel at Vulcan as soon as the weather might be favorable. Mr. W. D. Allan was elected president of the association and May or Butchart, secretary.

Several members of the local club (without the knowledge of the association president) assisted in preparing the ice, and the change in temperature was even a greater help in getting the Vulcan ice in fine shape, and, as a consequence, the games were played on Monday with the following entries—the name of the skip is placed first in each rink with the other curlers in order:

Barons—J. P. K. McMillan, Scotty Chalmers, Dr. V. F. Swancesky, M. W. Hodson.

J. W. Gow, J. Miller, C. W. Pickup, A. A. McQuarrie.

VULCAN OILS LIMITED DRILL NEW WELL

Vulcan Oils, Limited, have commenced drilling a new well at Turner Valley which will be known as No. 3. Roy Wigney, pioneer driller of Turner Valley, will drill the well in which the water string is set at 122 feet, and the water successfully shut off.

The hole is being drilled for 15 inch casing, and was at a depth of 410 feet on Monday at 6 p.m. Gas from No. 1 well is being used to fire the boilers.

Dealing with this interesting item in its news columns the Lethbridge Herald says:

Preparations for this enterprise have been in progress for some considerable time, pursued without publicity, and the commencement made without ostentation. This included the removal of boilers to a new location, shifting of the rig and the placing of the many articles of equipment necessary to the drilling of a well in this particular field. Contract has been made by the company for this latest venture with Roy Wigney, whose latest accomplishment was the very recent and successful bringing in of the well that bears his name. Mr. Wigney has been employed in the Turner Valley for the greater (Continued on back page)

CHEVROLET SEDAN, \$1012 FIRST AWARD

\$300.00 Merchandise Order Second Award and Four Other Extra Cash Awards. Every Active Worker Will be Paid 20 Per Cent (\$1.00 out of \$5.00) on All Subscriptions Collected Every Saturday Night.

GRAND CAPITAL PRIZE IS NOW HERE

Mr. Arney, of the Army Motor Co., informed us today that the Chevrolet sedan, to be given away as first prize in the Advocate "Weekly Payroll" Circulation Campaign, is now on display at their garage. Call at their place and see this wonderful prize, as well as other models they have in stock.

How to Enter

All that is necessary to become a member is to clip the coupons appearing in the big advertisement in this issue and bring or mail them to this office at once. They start you off with a big number of credits and on your way towards making many dollars each week. You should by all means have your name included in the list when it appears next week. Should you like to talk the matter over before deciding, just call this office and a representative will call and explain everything in detail. There is no obligation incurred by asking for this information.

You cannot lose by trying. Indecision is the greatest barrier to success. Make up your mind now, then come to this office or phone 36.

Furniture sale at A. M. Herman's residence, Vulcan, on Saturday next, March 14. C. C. Rebbe, auctioneer.

WANTED—Men and women, boys and girls of Vulcan and trade territory for limited engagements, requiring spare time only, offering guaranteed weekly compensation, with opportunity to earn upward of \$155 a week. Apply in person at the Vulcan Advocate office or phone 36.

Suppose such an advertisement should appear in the columns of this week's paper! Wouldn't there be a stream of people pouring into this office trying to connect up with the job?

Yet, that is exactly what The Advocate is offering in its big "Weekly Payroll" subscription campaign which has just started this week. A guaranteed minimum of 20 per cent cash commission \$1.00 out of every \$5.00 will be paid each participant every Saturday night on his or her total subscription collections for the week. And, to the worker securing the greatest number of credits by the close of the campaign, this newspaper will have a brand new 1931 Chevrolet sedan worth \$1012—all in accordance with conditions outlined in last week's issue.

Nor is that all. To the one securing the second highest number of credits by the close of the campaign will be awarded a merchandise order worth \$300 at the Buck & Howson store, and there will be special cash bonus awards to third, fourth, fifth and sixth winners.

Object of the Campaign

The object of the campaign of course is to secure new and renewal subscriptions to the Advocate, and to afford to our friends and readers an opportunity to profit in a big way through their spare time during the next few weeks. Turn these next few weeks into cash. Don't let this opportunity pass without action on your part. This may not be the only opportunity you will have to earn big money, but we dare say it is one of the best.

Those who have been thinking of entering this "Weekly Payroll" subscription campaign, but have not done so as yet, should lose no further time for every day you put off entering is just that much time that can not be regained. Several good communities and towns are not yet represented, leaving an excellent opportunity for a live worker to enter from each one and make themselves important factors and winners of the best awards in a few short weeks.

First List of Entries

IN THE VULCAN ADVOCATE "WEEKLY PAYROLL" SUBSCRIPTION CAMPAIGN

Look over the list below. There is plenty of room for more live-wire workers to get on our payroll—offering the opportunity to win the big Chevrolet Sedan

WHY A CIRCULATION CAMPAIGN?

The Vulcan Advocate has no trade secrets. We willingly answer the oft repeated question, "Why have launched a circulation campaign?"

When a merchant announces a sale, outstanding for its bargains, he has good reasons for so doing, but his reasons are no more sufficient than ours in the present instance.

The merchant's sale is calculated to clear his shelves to make room for shipments on their way from wholesale dealers. It gives all of his old customers an opportunity to purchase at bargain prices and it should attract new customers to his store.

From his sale, the merchant may realize some cash needed to pay for the incoming goods, but he seldom makes a direct profit on the event. The public, buying at low prices, actually profits more from the sale than does its sponsor.

Subscribers who are in arrears are goods on our shelves which must be moved to a cash-in-advance basis. New subscribers are the new customers we wish to reach. We have launched an event that, to our business, resembles a gigantic sale.

Who will benefit as a result of our campaign?

First, our readers. The success of this campaign will enable us to improve the quality of our newspaper and to make it more interesting and valuable to our readers.

Second, the public in general. A town is judged by its newspaper. Progressive newspapers denote a progressive town, while a dead newspaper is a certain indication of a town gone to decay. The advertising of this paper gained through the campaign will advertise the whole community.

Third, our advertisers. At the close of the campaign, our list will have grown to proportions that will provide added service to our advertisers.

Fourth, the candidates. As a result of their efforts, several of the more ambitious people of the community will not only gain business experience, but will be actually richer in dollars.

Fifth, ourselves. Our chief reward from the campaign will be the satisfaction of having promoted a progressive move which brought lasting benefits to so many people. Whatever sum of cash we realize, large or small it is incidental and unimportant.

The Vulcan Advocate campaign is a community affair. It should have the support of everybody.

FORWARDEDNESS

The following is a message from Al bright of Beaver Lodge station.

"Amid the clamor of advice to the farmer upon how to get by, the present crisis and to avoid future difficulties, little stress is laid upon what the writer considers one of the most important morals of the whole situation, i. e., the wisdom of 'forwardness'. The really fortunate farmer has been the one with no debts but with a neat little bank balance in the bank carried over from recent good years and with a substantial proportion of his living provided directly by the farm, so that he could live comfortably without sacrificing his crop during the slump. His annual stocktaking may show a temporary slump, but after the lull, he can quickly up and forge ahead. His class is not overcrowded.

ATHEISTS APPEAR

Looking at the matter from this distance, it appears to be a very wise procedure on the part of the Ontario government to refuse to take any notice of the charges of "practical atheism," which have been made against the student body of Toronto University. The legislative storm broke as a result of an editorial published in an undergraduate magazine, in which it was claimed that an atheistic attitude existed among the majority of students. Some members of legislature viewed it with alarm, but Premier George Henry and W. Sinclair, Liberal leader were agreed that the whole business was utter nonsense.

It is wisest that little notice should be taken of the outpourings of immaturity. Youth of almost every age has been troubled with doubts and fears of disbelief. But in the fullness of experience and age some mental and spiritual adjustment is reached by all individuals.

It is attacking entirely too much importance to the young editorial writer of the student magazine to discuss his religious state of mind in the legislature. After all, these thoughts are not his final thoughts, and he and his fellow deniers have many years of life ahead, many undreamed of experiences which will remould their convictions.

Most older people have in their day gone through periods of doubt and turmoil. Most older people however, have emerged from their experiences into a belief in the workings of certain immutable laws of God. They have found inspiration in the beauty of Christ's life and teachings, and they know that such a life brings rewards far beyond worldly conception.

A youth of twenty may proclaim, out of the fullness of his experience, that he is an atheist. But this proclamation should not rock the world. Life will mould him as it has moulded others, and at forty the likelihood is that he will have another answer.

NEW NAVAL PACT

Britain, France and Italy, in a conference at Paris, reached an agreement on the naval building program, which is satisfactory to all the envoys concerned. The settlement of these naval problems was left over from the London conference of last year, and will now be submitted to the respective governments. The text of the agreement will be cabled to United States and Japan as both these countries were signatories to the London Naval Pact.

According to the tentative agreement, the signing countries agree not to build capital ships of more than 26,000 tons and negotiations will be opened to persuade U.S. and Japan to adhere to this provision.

As regards submarines, France accepted a slight decrease in her total tonnage. The provisions it is said, preclude any naval race and will enable France to economize on her budget without loss of security.

NEW FARM GROUP

The Saskatchewan section of the United Farmers of Canada have decided to enter the political field as a distinct agrarian body. They claim 26,800 members, which is much greater than the U. F. A. with its 18,105 members in politics.

The platform of the new party includes demands for 100 per cent grain pool, pegged grain prices, a government price fixing board and nationalization of currency, credit and natural resources, and province wide crop insurance. It asks completion and operation of ports and elevators at Churchill, with freight and express rate cuts.

WATER

All hail to the drink of drinks—to water, the daily need of every living thing! It ascends from the earth in obedience to the summons of the sun and descends in showers of blessings. It gives forth of its sparkling beauty transmutates base clay into golden grains; it is the radiant canvas upon which the fingers of the Infinite trace the rainbow of promise. It is the beverage that refreshes and brings no sorrow with it. Jehovah looked upon it at creation's dawn and said, "It is good."—W. J. Bryan.

Mrs. Jeffries of Calgary at the W.
F. Herman home last week.

Mr. and Mrs. Louis Hanson of Oko-
toka are on the nursing staff at the
Lars Hanson home.

Mr. and Mrs. Jack Deans and fam-
ily are welcomed to the Highland dis-
trict. They have taken possession of
the J. L. Kehr farm which they pur-
chased last fall.

Mr. Lars Hansen has been decid-
edly on the sick list during the past
month; we are glad to report him
much improved at the time of writ-
ing.

Ed Kehr took the contract of ac-
companying Mervin's two or more
cars of settler's effects to the Peace
River country, so he will be away for
a while.

Mrs. Hay's passing means a real
loss. She was among the first in this
district and was a genuine pioneer.
Her cheerful, jolly nature made her
many friends and her many other
good traits enabled her to retain
them.

Mr. and Mrs. Mervin Kehr and
family left last week by auto, for
their new farm home near Grande
Prairie. Previous to their departure
some forty friends staged a surprise
party for them. Various games and
a social time made the evening pass
all too soon, and Mrs. Jantzie, on be-
half of the crowd, expressed sincere
regrets at the departure of Mr. and
Mrs. Kehr, wished them the best of
good fortune in their new home, and
presented them with a silver meat
tray. At midnight a nice lunch was
served, after which the party depart-
ed to their several homes.

MILO NEWS

(Too Late for Last Week)
Mr. Shore returned Monday from a
short trip to the mountains.

The C.G.I.T. conducted services at
the United Church on Sunday.

The young people's musical pro-
gram was held at the home of Mrs.
Jones on Tuesday evening.

A social evening was held at the
home of Mr. and Mrs. Northcott on
Wednesday evening.

On Monday Mr. and Mrs. Venes-
land were greatly surprised when a
number of their friends went to their
home for an evening of games and
music.

The Odd Fellows held a social on
Friday evening. There were nearly
three hundred present.

Martin Peterson is visiting friends
in Milo.

Fanny McCord is visiting in Vul-
can. We hear she had a big time at
Reid Hill on Friday evening.

The Baptist Ladies' Aid met at the
home of Mrs. Hall on Thursday af-
ternoon.

Badminton tournaments are quite
the order of the day at Milo. On
Tuesday and Saturday afternoons
the Reid Hill teams were over and
several games were played, Milo win-
ning all but one game. On Wednes-
day afternoon Champion were over
and again Milo were victors.

STILL OWN CANADA

It is computed by the Financial
Post of Canada that Canadians: capi-
tal investment in their country, out-
side of agriculture and real estate, is
65.1 per cent. of the total. United
States has 21.7 per cent. of the total
investment and the United Kingdom
11.8 per cent. There has been steady
increase in the relative amount of
new capital supplied by Canadians,
and in the past few years the per-
centage of outside capital has dropped
from 35.8 per cent. to 34.6 per cent.

An indication of the money resour-
ces of Canadians abroad, is given in
the statement that Canadians have
almost two billion invested in outside
countries. This investment increased
\$72,500,000 in 1930—an investment
of Canadian money outside Canada
in 1930. One billion is invested in
United States and \$113,500,000 in Bri-
tain while \$730,500,000 is invested in
other countries.

Britain has two billion invested in
Canada, while United States has al-
most four billion. In the past five
years American investments have
increased by one billion, while other
foreign investments have declined by
23 million.

These heavy investments made by
Canadians outside of Canada would
be interesting to follow up. Several
million dollars were invested in 1930
This was a year when Canada very
badly needed a circulation of money
within her own borders. Were these
investors who eased the situation in
other countries individual Canadians
or Companies? What was the nature
of the investment? Surely no
Canadians interested in the welfare
of their own country, would invest in
foreign countries, while so many
home industries deserved more capi-
tal.

Tourist: "Is this a healthy place
to settle in?" Hotel Clerk: "It is
that, sir; but it is a most unhealthy
place if you don't settle."

Salaries of Alberta Wheat Pool of-
ficials have been cut it is stated with
one of the chief officials who was
getting \$17,000 now taking a \$10,000
salary.

"My doctor told me I should have
to eat less meat." "Did you laugh
him to scorn?" "I did at first, but
when he sent in his bill I found he
was right."

Miss Irene Fox is trying to secure a prize in the Advocate Circulation Campaign. Please give her any assistance you can and so help her to win one of the big prizes.

OKATORICAL CONTEST

(Continued from front page)

Butchart and Mr. Elves.

The rest of the program consisted of part songs by public school pupils, vocal and instrumental selections by the High School sextet, songs by Billy Weale and readings by Bill Ritson.

Prizes were awarded to Kathleen Stack, first and Helen Sallstrom, second, in the Public School section and to Mollie Harback and Florence Gold second, in the High School section, the first prize being \$5 gold pieces, the second prizes \$2.50 in silver.

The Literary Society wishes to thank all who helped to make this contest and contest successful. As a result of this we will be able to reduce our piano debt by \$14.75.

Coming Events

We are planning a big dance at a popular price for Friday, April 10th. Lent will be over then and spring work will be at hand. Everybody keep the date in mind. We hope, after that to be able to put the piano debt out of our minds.

VULCAN OILS

part of the period of development of the field and he has established a record as a driller on the assignments he had with Macleod, Illinois, McDougall and others of the well known companies.

There will now be a revival to a degree at least of a former interest in oil matters and progress on operation in connection with the Vulcan third hole will be watched.

The second hole drilled by the Vulcan company has been entirely abandoned, as have many others drilled by different firms in the field. Vulcan No. 1 is still a producer though quantity is comparatively small. President Wm. Peterson and members of his board of directors are hopeful of desired results in the new undertaking.

YOUNG LADY QUIZZES

CAMPAIGN MANAGER

Have you ever had questions fired at you so fast that you hardly knew how to answer them?

That's what happens to a campaign manager almost every day and he will welcome others to call and do likewise. Ask him as many questions as you like and he'll answer them as fast as he can talk.

For instance, there came to The Advocate campaign office, a young woman who wished to enter and compete for the valuable prizes to be awarded on Saturday, April 25th. She wanted to find out all about it and if medals were given to question propounders, this young lady would be given a solid gold one studded with diamonds.

She walked briskly into the office and came to the point right away. "I want to be counted in on that race," she announced, "and I want you to tell me about it."

"Yes, indeed," replied the campaign manager. "You see . . ."

"Can I win that Chevrolet sedan or the \$300 merchandise order?" she interrupted.

"You most certainly can. That is if you get the largest number of cred its."

"And does it make any difference where I live?"

"No difference whatever."

"Well then, tell me what I must do to win," and she moved her chair a notch forward.

"That's easy. All you have to do is to see your friends and acquaintances and get them to subscribe to the Advocate through you. The idea is to induce them to pay you for either one, two or three, four or five year's subscription in advance. That is all there is to it."

"How much does each subscription count? I haven't that quite straight in my mind," she eagerly inquired.

"That depends entirely on the length of time the subscription is paid, which period same is received at the campaign department, according to the printed schedule."

"And," continued the campaign manager, "there are literally hundreds of people who would be only too glad to have someone come and get their subscriptions, thus saving them the bother of bringing it to the office, if but properly approached in this matter."

The young woman drew a deep breath and resumed: "How many prizes will be given?"

"There are two major awards to be given, first being a beautiful 4-door Chevrolet Sedan, valued at \$10,120.00, while second award is \$300 in merchandise at the Buck & Howson store to be taken out in the next six months. There are four other smaller cash awards."

"Gracious that is a lot of money, but what will happen if I should finish below sixth place?"

"Every active worker regardless of where they finish will receive 20 per cent cash of very dollar they collect. And the best part of it all is that you receive this every Saturday night."

"Well, how will all of these prizes be awarded?" she asked.

"The Chevrolet Sedan or its cash equivalent of \$800 will be given to the one securing the largest number of credits, regardless as to where he or she may reside in the territory covered by this campaign. Second prize to the one securing the second largest number of credits and the other prizes will be awarded in like manner, and in the order listed."

"Oh, I see," as her face lightened up. "Then I have an equal chance with the others to win any one of the prizes? And I can't lose for I will win something anyway. Well, that certainly is fair enough."

Then the young lady smiled and said: "You'll think I'm asking a lot of questions, but I want to understand everything and here's another. May I take subscriptions anywhere that I can get them?"

"Why certainly. You are not restricted in any sense so far as territory is concerned. Get them anywhere you can and if it is a New subscription you receive Double Credits."

"Well," she said, "guess I'll start now. Gimme a couple of those little receipt books. Thanks. Goodbye."

ENSIGN NEWS

A meeting of the Ensign Literary Society was held at the schoolhouse Tuesday evening. Due to the bad weather a smaller crowd than usual was present. Those on the program committee were: Mrs. H. Smith, Mrs. T. Hyde and M. Parker.

Miles Parker has entered the Advocate Circulation Campaign and will appreciate your help in winning the Chevrolet sedan.

Mr. and Mrs. G. W. Parker were host and hostess at a very enjoyable party at their home Friday evening. First prizes in 500 were won by Mrs. P. O'Dwyer and J. Ferguson, while Mrs. Girard and Tony Francis took the consolations. A very good lunch was served at midnight.

The March meeting of the Ensign Ladies' Aid was held at the home of Mrs. G. Wetherup on the 4th. Owing to the weather condition only nine members were present. The meeting was opened by singing "Take the name of Jesus with You," reading the 19th Psalm and repeating the Lord's Prayer. Roll Call was answered with a bible verse. The minutes of the last meeting were read and approved. Mrs. E. Harris gave a very good paper on "India." Lunch was served by Miss I. Williams. The next meeting is to be held at the home of Mrs. W. Smith on April 1st.

MAYVIEW NEWS

Mr. Herr, Mrs. Fraser and little daughter and Miss McNabb, all of Okotoks were visitors at the Stager home on Sunday last.

The regular meeting of the senior local was held at the home of Mrs. Stager on Monday, March 2nd with a large attendance. Mr. Lloyd Richardson presided and there quite a lot of business gone through. Some of the members are getting real good at community singing, in fact some of them can sing one song to the tune of any of them. At midnight the hostess served a very dainty lunch and all went home feeling they had enjoyed a real live meeting.

Beryl Doane, Route 2, Vulcan, is a competitor in the Advocate, Circulation Campaign and will appreciate your help in achieving success.

The court whist card party at the school on Monday evening, March 9th had the average crowd. Mrs. Shaw won ladies' first and Mrs. J. Smith, second; Mr. Lou Douglas won the first and Mr. Toby Knave second. The lunch committee served tea about midnight and some of us enjoyed the change from the usual coffee.

The play "Fickle Fortune" presented by the two locals jointly was a huge success from start to finish. We would have been pleased to see a larger crowd but owing to unfavorable weather and other affairs on the same night we were fortunate to have the crowd we had. Much credit goes to the committee and Mr. Shaw for the selection of each one to the different parts.

VULCAN W. I.

The Vulcan W. I. spent a pleasant afternoon at the home of Mrs. R. Parslow on March 6th. After the various reports were given, a very interesting talk was given by Rev. D. F. Kemp on "Authors." Starting with the four greatest authors of the Victorian age, it came down to the authors of the present day.

Roll call was answered by quotations from Canadian authors. A short time was given to a contest. Lunch was then served.

Mrs. D. Munro is a worker in the Advocate Circulation Campaign and will appreciate any assistance you may be able to give her in securing the Chevrolet sedan.
